

GREEN SOLAR YOUTH

# Training for the Future

## Internship Programme

**Date:** Thursday, 9th of February 2023

**Time:** from 15:00 PM to 16:00 PM, CAT

**Venue:** Cape Town International Convention Centre, Exhibition Floor

The GREEN Solar Academy and Life Choices will kick off formal training to train the young talents that the solar industry urgently needs.

### Ryan Geel

Life Choices Managing Director

Responsible for developing sustainable income streams for the profit division. Currently looking to develop talent in the Solar sector.

### Amanda Dzivhani

COO at Green Solar Academy

Manages the operation of all 12 GREEN academies across Africa & co-ordinates the implementation of all GREEN training courses.

### Jandre Swanepoel

Technical Support Manager at Krannich Solar South Africa

From building hot water solar plants to installing Solar PV systems, he does it all, with more than 14 years in the Renewable Energy industry.

### Justin Schmidt

New Sector Development Head at Absa Group

Accountable for strategies & bank growth targets for Renewable Energy, Tourism, Manufacturing and Transport/Logistics sectors.

### Devilliers Botha

Co-founder & COO at Solareff

Expert in legal, compliance and financial aspects of energy projects. Currently championing the drive for enabling regulation.

### Jade Wyngaardt

Marketing Manager, Iseli Energy

Responsible for researching & analysing consumer behavior, market trends, competitor activity & digital marketing.
