

SOLAR POWER AFRICA

POST SHOW REPORT

8-10 February 2023

Cape Town International Convention Centre (CTICC)

SOLAR POWER AFRICA 2023

The annual must-attend Solar energy and Storage event, **Solar Power Africa**, took place on 8 - 10 February 2023 at the Cape Town International Convention Centre (CTICC) with the theme of: **"INNOVATING UNDER THE AFRICAN SUN."**

The conference started with a keynote address from **Mthokozisi Mpofu, Acting Deputy Director General, Programmes, Department Mineral Resources and Energy**. Throughout the 3-days, the firmly established conference and exhibition brought together industry experts, thought leaders, and solar energy stakeholders to provide the most relevant and current solar sector information.

Solar Power Africa's purpose is to aid in opportunities to engage with **customers, stakeholders and peers** to ensure a strengthened African solar industry.
