13-15 October 2021

Cape Town International Convention Centre

THE LEADING SOLAR & ENERGY STORAGE EVENT IN AFRICA

IN PARTNERSHIP WITH

POWERED BY

SOLAR POWER AFRICA

As a continent, Africa is undergoing steady economic growth, development and transformation. As such, activity in the renewable energy market is growing rapidly and presents huge opportunities for investors, developers and operators to further develop this sector to ensure continued growth for the continent.

Solar Power Africa focuses solely on creating an environment that fosters the exchange of ideas, knowledge and expertise for furthering solar power and renewable energy development in Africa.

WHAT TO EXPECT?

- World class conference, high level discussions with focused topics and stakeholders
- Skills development free to attend seminars and skills content on the exhibition floor
- Focused B2B matchmaking programme
- Access to a network of international professionals in the solar, storage and related energy fields from SNEC and Solar Power Events
- Global and local experience of three large event organizers

2020 VIRTUAL EVENT STATS

WHY EXHIBIT?

- Showcase your brand as being at the forefront of a rapidly growing market
- Reach an audience of decision-makers from all segments of the solar and storage industries
- Conduct meetings with current clients and seek out new business partnerships
- Generate new sales leads from local and international decision makers
- Build and strengthen your business relationships with current and future customers
- Promote your products to a professional, focused and selected audience

WHO SHOULD EXHIBIT?

Product segments:

- Turnkey suppliers, developers and consulting engineers
- Photovoltaic (PV)
- Concentrating Solar Power (CSP)
- Solar thermal and water heating
- Mounting and racking solutions
- Manufacturing solutions
- Distributors and resellers
- Financial services, law firms and advisory
- Inverters
- Operation and maintenance
- EPC contractors
- PV components

WHO YOU WILL MEET?

- Consulting services
- Energy storage professionals
- EPC contractors
- Government
- Investors
- IPP (Independent Power Producers)
- Law / Legal services
- Manufacturers
- Media
- Project developers
- Solar distributors
- · Solar farm owners
- Solar integrators
- Solar suppliers
- Utility services

SOLAR CONFERENCE

The key to advancing our clean energy future in Africa Solar energy has become one of the fastest growing clean-energy solutions across the globe. With a regulatory environment geared to promote the growing market opportunity for solar in Africa, the Solar Power Africa conference 2021 is the perfect opportunity to expand your network and to join thought leaders as they discuss what technologies, trends, innovations, opportunities, as well as the infrastructure and solutions required for the integration of renewable energy and policies that will drive the sector forward towards a sustainable clean energy future.

The conference targets full value chain for renewable energy in solar pv and storage industries for both private and public sectors, including:

- Installers
- Contractors and Producers
- Smart Energy
- Finance
- Industry Bodies and Government
- Major utility companies and professionals from theenergy storage

The conference will consist of 6 plenary sessions and 12 specialised breakaway streams, and will also include a focused Storage session on day three.

The conference will address amongst others the following topics:

- The outlook/future of energy in Africa
- Municipal Procurement
- Solar and Electric Vehicles
- Agri-PV
- Private Sector Investment and Financing Solutions
- Expanding Off-Grid Energy into Africa
- Transformation within the Solar Sector
- Localisation
- Legal matters
- Training
- Policy Regulation
- Integrated tech and storage solutions
- Hydrogen

ABOUT OUR PARTNERS

SAPVIA is the representative voice of the solar PV industry in South Africa. Driven by its values of consistency, cohesion and collaboration, the association's vision is to ensure solar PV is the electricity generation technology of choice in South Africa and the rest of Sub-Saharan Africa, in support of the country's socio-economic development targets. SAPVIA currently has over 170 members, operating across the entire PV value-chain.

Solar Power Events is the premier organizer for energy events hosting 15 events a year throughout North America and now in South Africa. The flagship event, Solar Power International (SPI), Energy Storage International (ESI), and North America Smart Energy Week draws over 19,000 energy-focused visitors, and 700+ exhibitors—including solar, storage, wind, geothermal, hydrogen + fuel cells, and EV infrastructure—from over 115 countries. SPI, ESI, & North America Smart Energy Week has been among the Gold 100 and Top 250 trade shows in North America, one of the fastest growing events in North America for four years running, and named the 2017 "Best Use of Technology" and the 2016 "Stickiest Show Floor" by Trade Show Executive. Solar Power Events is presented by the Smart Electric Power Alliance (SEPA) and the Solar Energy Industries Association (SEIA).

The SNEC PV Power Expo is the world's largest PV tradeshow based in Shanghai, China. SNEC has evolved from 15,000 sqm in 2007 to over 200,000 sqm in 2019, attracting over 2,000 exhibiting companies from 95 countries and regions all over the world and an overseas exhibitor ratio of over 30%. The event is co-organized and supported by 23 international associations and organizations.

ABOUT THE ORGANISERS

messe frankfurt

Messe Frankfurt is one of the world's largest trade fair, congress and event organizers and employs more than 2,500 employees across 30 different locations globally. The South African office has an experienced staff compliment of over 35 team members with established marketing, sales and operational capabilities. Messe Frankfurt South Africa organizes large-scale events such as Automechanika Johannesburg, Futuroad Expo, Festival of Motoring, Boatica, AERO South Africa, allfashion sourcing, Hobby-X, Hypermobility and the Emerald Speed Fest.

"We are honored to work with such prestigious international partners to bring this event to South Africa. Messe Frankfurt South Africa has established operations in the country, with over 10 shows a year, and we believe this event is a great addition to our portfolio and an important event for the local market." Joshua Low, Managing Director, Messe Frankfurt South Africa.
